Suwanee Water Free.

The crowds still rush to the following drug stores to partake of the wonderful and healing Suwane Water: H. E. Barrett's Shoreham Drug Store, W. G. Duckett, 22d and Pa. ave.; A. M. Hinman, Aston Pharmacy, 11th and G sts.; A. E. Acker, 301 Pa. ave. n.w.; W. T. Baldus, 31st and M sts.; F. Pitzer, 501 E. Capitol st.; Acker & Kenner, 1429 Pa. ave.; The Census Pharmacy, 3d and G sts.

To impress with emphasis Suwanee Springs and its marvelous product on the minds of this com-munity, the proprietor, Mr. Hanley, has solved the problem that troubled Mahomet, bringing the spring to Washington, or the same thing in effect, by transporting to this city a carload of the water for free dispensation to all who will call and drink. Thus far Mr. Hanley has performed his part, and now asks that our people do theirs by regularly.

TIE-UP THREATENED.

Strike on the Chesapeake, Ohio and Southwestern.

IN CONFERENCE WITH THE LEADERS.

Employes on Other Roads in Sympathy.

LATE TELEGRAPHIC NEWS.

SWITCHMEN ON A STRIKE. Tying Up the Chesaneake and Ohio

Southwestern Yards at Memphis. MEMPHIS, Tenn., Oct. 2.-All of the switchmen in the Chesapeake and Ohio Southwestern yards are out today and only one yard engine is being worked. It is in charge of the trainmaster. The coal heavers, wipers and section men in the shops The switchmen on the Louisville New Orleans and Texas and Illinois Central have refused to handle Chesapeake and Ohio

Southwestern cars and they too have gone The switchmen in the Memphis and Chattanooga yards, it is understood, will strike today and it is stated by the strikers that they will be joined by the switchmen in service of all the roads centering here be-

This statement is hardly true as to the Louisville and Nashville, as none of them attended the meeting last night. The Ches-apeake and Ohio Southwestern yards are speake and Onlo Southwestern yards are being guarded by policemen and deputy sheriffs. There is no disorder. The switchmen of the Illinois Central and the Yazoo and Mississippi Valley held a conference with officials at 11 o'clock, but refused to handle Chesapeake, Ohio and Southwestern cars, and the strike is still on.

The Kansas City, Fort Scott and Gulf switchmen will probably go out tonight. A tie-up now will seriously interfere with the movement of cotton, which is beginning to move in large quantities. The local federation of railway employes last night adopted a resolution ordering a boycott on all the Chesapeake, Ohio and

Southwestern freight and cars.
A boycotted Chesapeake, Ohio and Southwestern car was last night turned into the Kansas City, Memphis and Birmingham yards, and the yard crew refused to handle it. No discharges were made, but they are expected today, as under the interstate law it seems imperative upon the Kansas City Memphis and Birmingham people to handle freight offered by the Chesapeake, Ohio and Southwestern. When these discharges are made no doubt there will be a strike on

the Kansas City line.

The trouble on the Illinois Central and Yazoo and Mississippi Valley roads has not yet extended beyond Memphis, but as soon as the organizations of the trainmen have time to act it will probably take in the entire system, as the men are determined to resist the efforts at reduction of wages, and there seems to have previously been a general understanding among the employe Awaiting a Decision.

LOUISVILLE, Ky., Oct. 2.-The grand chiefs of the various rallway organizations are in conference with the officials of the Chesapeake, Ohio and Southwestern this The company expresses a willingness to enter into any reasonable agreement in the way of fixing a time for the restoration of

vages. Loca! employes are at work today, waiting for the grand chiefs to decide whether the strike shall become general or the con-troversy amicably ended. Freight and passenger trains up to noon moved without interruption.

FIRING AGAIN AT RIO.

Admiral Mello's Squadron Resume the Bombardment. LONDON, Oct. 2.-The Brazilian legation n this city today furnished to the United Press the following information received in dispatches from the government at Rio The insurgent squadron under command of Admiral Mello is still in the bay of Rio the rebel warships are deserting daily. During the recent engagements between the land forces and the fleet the shore artillery damaged some of the rebel vessels. Two steamers that attempted to land insurgents at Santos and on the Island of Santa Cath-

arina were repulsed. The land forces are united and loyal to the government. Public opinion is wholly opposed to the insur-A dispatch received by the Exchange Telegraph Company says that Admiral Mello, who commands the insurgent Brazil-The dispatch adds that the bombardment

Cholera Only Sporadic. QURANTINE, Oct. 2.-In an interview this morning Dr. Nash, who arrived yesterday on the steamer Augusta Victoria from Hamburg, states that the sanitary condition of the city of Hamburg is absolutely perfect. He considers the present cases in that city as sporadic, and indicative of no that city as sportage, and indicative of no complications. The city is clean, he says, and with the filtered water supply and good sewerage system no further spread of the disease is possible. The authorities of the city are using all possible precautions to prevent the spread of the disease.

other, or "coming in stays," as it is other-wise expressed. A reporter held the watch on Valkyrie several times while she was performing this feat on Friday, and twelve seconds is the best she could do. Vigilant has been known to come about in six seconds, and certainly can beat twelve all hollow at any time. One of the vital questions as yet undecided will be settled by the official measurements. This service will be performed on Wednesday by John Hyslop, the official measurer of the New York Yacht Club. Valkyrie will be likely to come out of this test with a time allowance of somethin: like a minute. In a close race this, ever thirty seconds, may prove fatal to Amer

Takes a Spin.

NEW YORK, Oct. 2.—England's famous
yacht Valkyrie was hauled out today at
Hawkins' docks, in Erie basin, to clean
her copper bottom, and the Vigilant, having gone through the same process with
her Tobin bronze, will take a spin down
the bay.

The three trial spins which the English
yacht has taken to test her new sails have
not added anything to her record for speed,
but all experts who witnessed the performances agree that she is a very smart boat.
In reaching and running before the wind
Valkyrie appears to be as quick as any
boat ever seen in these waters, but if she
can point as well as Vigilant, she has not
shown it in her trial.

It should be remembered that in "holding on" in a sail in the eye of the wind,
Vigilant has with her centerboard 26 feet
under water, while Valkyrie has only 16
feet draught. In her working to windward
Valkyrie falls off or "sags" to leeward
more even than Colonia.
